1. Amazon Sponsored Products: Precision Targeting for Maximum ROI

[Amazon Sponsored Products ads](#) are the backbone of **advertising on Amazon**, placing your products at the top of search results. Here's how to optimize them:

Key Features:

- **Cost-Per-Click (CPC) Model:** Pay only when shoppers click.

- **Targeting Options:**

- *Automatic:* Let Amazon's AI match your product to relevant searches.
- *Manual:* Handpick high-intent keywords (e.g., “wireless headphones under ?2000”).

- **Budget Control:** Set daily caps to avoid overspending.

Pro Tip from Paxcom: Use manual targeting with keywords like “best smartwatch India” to align with local search trends.

?? *Note:* Sponsored ads won't run if the product is out of stock.

Amazon Display Ads

Amazon Display Ads help you advertise across a broader range of surfaces—including Amazon homepage, product pages, customer reviews, and even third-party apps and sites.

Source: Amazon.in

Why Use Display Ads:

- Increase brand recall and visibility
- Retarget customers who viewed your products
- Run audience-based targeting using behavior, interests, and demographics

Steps to Launch Display Ads:

1. Sign in to your [Amazon Advertising](#) account
2. Choose “Display” as your campaign type
3. Define your audience (age, gender, browsing behavior)
4. Select your ad format (custom or Amazon-generated)
5. Upload creatives (images, headlines, text)
6. Set your daily or lifetime budget
7. Choose your bidding strategy (manual or automatic)
8. Review, launch, and continuously optimize

Amazon Sponsored Brands

Sponsored Brands allow you to showcase your logo, a custom headline, and a collection of your products. These ads appear at the top of search results and are great for increasing brand awareness.

Deals and discount

Source: Amazon.in

Use Sponsored Brands to:

- Establish brand identity
- Promote multiple products at once
- Drive traffic to your Amazon Store or custom landing page

Sponsored Brands are ideal for brand-registered sellers looking to create a cohesive presence and attract new customers at the top of the funnel.

Paxcom Insight: Brands using Sponsored Brands with localized creatives see **2x higher click-through rates** in India.

Time-Bound Promotions – Deals & Discounts that Convert

Deals and discounts remain a powerful tool for converting shoppers and clearing inventory. These high-conversion ad types create urgency and appeal to price-sensitive buyers.

Top Deal Types on Amazon India:

- **Lightning Deals:** Short-term promotions that increase visibility and urgency.

- **Deal of the Day:** Massive discounts on select products for 24 hours.
- **BOGO (Buy One Get One):** Encourage higher cart value and repeat purchases.

Participating in these promotions not only boosts your discoverability but also helps you trend during festive periods or peak shopping seasons.

Optimized Product Listings – Your First Line of Ad Defense

No matter how much you invest in ads, a poor product page can kill conversions. Optimizing your Amazon listings is crucial for better ad performance and organic discoverability.

Source: Amazon.in

Optimization Checklist:

- **Keyword-rich titles** with clear product identifiers
- **Compelling bullet points** focusing on benefits and USPs
- **SEO-optimized descriptions** for better indexing
- **High-quality images** from multiple angles
- Include all key specs (dimensions, color, material, features)

A well-optimized product detail page can significantly improve your ad quality score, reduce CPC, and drive higher sales.
